

Presentation of 7 NAAC Criteria

(As per NAAC Revised Manual Guidelines : 21/12/2022)

(As per revised NAAC SOP: 14 December 2022)

(As per revised Benchmarks : 14 December 2022)

7 Criteria | 35 Key Indicators | 1000 Marks

Presentation by

Professor B.A. Chopade

M.Sc. Ph.D. (Nottigham University, England),
Fogarty Fellow (Illinois University, Chicago, USA),
Cornel Commandant (Hon.) Govt. of India, New Delhi

Vice-Chancellor

AKS University, Satna , 485001

01/01/2024

Preface

This Presentation of NAAC 07 Criteria has been prepared by Professor B.A. Chopade Vice - Chancellor of AKS University, Satna for faculty development programmes (FDPs) for capacity development of University faculty for assessment and accreditation of NAAC.

This is prepared as per revised NAAC manual dated 21 December 2022, NAAC standard operating procedures dated 14 December 2022 and Benchmarking dated 14 December 2022. Revised accreditation framework is very challenging. Therefore before going to NAAC accreditation one has to read very thoroughly the revised manual, standard operating procedures, benchmarking and understand the entire process of NAAC accreditation with highest clarity.

- Key points of each criteria are highlighted. This makes it easy to understand the each key indicator (KI).
- At the end of each criteria the standard operating procedures (SOP), benchmarking and data templates are given. This helps for the holistic understanding of each criteria by correlating with standard operating procedures, benchmarking and data templates.
- Data templates are given for each criteria.
- Additional information for each criteria is given separately for better understanding of parameters in certain key indicators (see table 2).
- I believe and trust that this presentation would be of great help for all universities, professors, IQAC directors, deans, associate deans, members of internal quality assurance cell (IQAC) for improving quality assurance of Universities.
